

LACEY, WARETOWN AND BARNEGAT

Proposed Energy Enterprise Zone

SHARE WITH US YOUR IDEAS WE NEED YOUR INPUT

Lacey, Waretown and Barnegat are working together to engage the community on an important issue facing the region. These open house style events will give YOU the opportunity to share your ideas / concerns about the upcoming closure of the Oyster Creek Nuclear Facility and discuss ideas to overcome the loss of jobs, rates and energy generation capacity for the region. Representatives from local and state government will be available to listen and will be taking input on the development of a locally driven regional action plan.

JOBS?

ENERGY GENERATION?

RATES?

ECONOMIC OPPORTUNITIES?

SAFETY?

ENVIRONMENT?
